

Scotch College

Annual Appeal 2009

In order to improve facilities for our boys, Scotch relies upon a greatly appreciated tradition of School community support. In 2009 we ask you once again to share our vision for the development of the School by contributing to the Annual Appeal.

This year's Annual Appeal gives an opportunity to donate to the Building Fund, enabling the School to heat the swimming pool with solar energy. Heating the pool will provide an improved learning environment with all students being able to make use of this facility for a longer period of the year. It will significantly benefit both the Physical Education and Sport programmes and also uplift the experience of other learning areas that regularly use the pool for their programmes.

Your support is critical to the success of the 2009 Appeal. Whether great or small, your gift will assist the College to continue striving to provide the best possible facilities for the education of our children. Gifts should be directed to the Scotch College Building Fund and are tax deductible.

For more information on the 2009 Annual Appeal please contact Kate Quinn on 9383 6832, or Helen Brown on 9383 6849.
