SCOTCH COLLEGE RUGBY CLUB

What is the Scotch Rugby Club?

It's you. All parents or players are automatically members the club. In the tradition of Scotch College, it's a supporters club of parents to support the boys' in their chosen extra curricular activities.

Why Support the Club?

- To support your sons in their rugby
- To support the school, coaches, and volunteers who make sure that your boy has a great experience
- Weekly directly mailing of the SCRUM newsletter
- To be a part of the school and the school's rugby community
- To avoid being hassled by the membership committee

What do we do?

Naturally, we have a couple of great parties so that everyone can get to know each other!

We organize the support staff to assist the coaches – team managers, medical staff, and other volunteer helpers

We publish SCRUM (Scotch College Rugby Union Magazine – now how is that for an acronym that works!) once a week and send it out to the club membership.

We organize hospitality for all home games on Saturday morning.

We help set up the grounds for home games.

We do a bit of fund raising to provide some additional equipment for the teams.

We organize the annual rugby club dinner and awards night.

We collate photos, videos and match reports of each game each week and publish these on the school web site, as well as put them into SCRUM and email them out to you.

What help do we need?

The important bit, where you get to stick your hand up in the air and volunteer for important roles!! We need:

- Managers for each team
- First aid/medical support for each team – preferably nurses, GP's, specialists!
- Saturday morning home game helpers for hospitality

All very important jobs, but really none are too hard (assuming in the case of first aid that you have the requisite skills of course). If you can help, please chat to the relevant year reps as soon as you can.

Who Runs the Club?

The committee for this year is shown below. Hassle them as much as you like, as in this way they will get to know you and then be able to "volunteer you" to assist in the work that we do!
